

Strategy Plus

1 gameboard for 2 players and 2 paper clips; 15 different colored markers per player

Directions: Player 1 places the paper clips on 2 numbers at the bottom of the page and multiplies or divides, placing a marker on the results. Player 2 can move only one paper clip. This player multiplies or divides and covers the results. The game continues as players take turns and move only one paper clip before computing. **To win:** Cover 4 in a row.
